- | | |
|----------|---------|
| • C | CSS |
| • C++ | ReactJS |
| • Python | Git |
| • Java | HTML |

EDUCATION

B.E in CSE Saveetha Engineering College CGPA : 8.5	Chennai 2021-Present
Higher Secondary Graduation Narayana Junior College Percentage : 97	Tirupati 2019-2021
Matriculation Vijaya Bharati English Medium High School. CGPA : 10.0	Madanapalle till 2019

PROJECTS

Movie Recommendation System

- ❖ Designed and developed a clean and modern website using HTML, CSS, JS.
- ❖ Optimized website for speed and user experience with a user friendly interface.

Dribbble App

- ❖ Created a responsive frontend for a Dribbble app using React, replicating key features such as user profiles, project showcases, and interactions.
- ❖ Developed a fully responsive interface that adapts seamlessly to various devices and screen sizes.

Car Wash App

- ❖ Utilizing MERN, implemented features for user login, signup, place-based search, day-based booking (limited to 5 per day), booking status tracking, and logout.
- ❖ Enabled admin login, addition of places and services, comprehensive booking management with filtering options, and the ability to accept or reject bookings.

NOTABLE ACHIEVEMENTS

- Completed a web development internship where I designed and developed dynamic websites using HTML, CSS, JavaScript, and React. Collaborated with a team to implement responsive designs and improve user experience. Gained hands-on experience in debugging, performance optimization, and version control with Git.
- Participated in two hackathons, showcasing problem-solving skills and teamwork by developing innovative web applications under tight deadlines. Demonstrated proficiency in full-stack development, rapid prototyping, and agile methodologies.
